Welcome

We offer a safe, vibrant and happy environment for your children.

Dear Parents and Carers

I would like to welcome you and your family to Diamond Academy, sponsored by Academy Transformation Trust. I hope this gives you an insight into what we offer and prompts you to visit us and find out more.

We offer a safe, vibrant and happy environment for your children. We understand and appreciate the unique qualities of every child in our care and ensure that we do our very best to meet their individual needs.

We want the children who attend Diamond Academy to leave us in Year 6 with the skills and positive thinking needed to achieve their ambitions and to lead happy, successful lives.

With our sponsor, Academy Transformation Trust we ensure that our standards continually improve and that we provide the best services possible for you and your child. We strive to ensure that your child will discover their talents and grow in confidence with a wealth of opportunities available to them.

I look forward to meeting you and your family in the very near future.

Yours faithfully,

Karen Hammond
Executive Principal

Individual attention

Children thrive when they are doing well. Children at Diamond Academy experience a full range of activities that give them a chance to grow, not only academically but also socially, spiritually and physically. The staff at Diamond Academy will know your child well enough to know when to stretch, offering opportunities for accelerated learning to maintain their interest and develop their natural ability. Also know them well enough to know when to support with small teaching groups, in class support and individual one – to – one support.

At Diamond Academy we have high expectations of all of our children. High priority is given to quality teaching of Literacy and Numeracy and the use of technologies across the curriculum. We have developed an exciting curriculum which is relevant to today's children.

Superb pastoral care throughout the Academy reflects our commitment to your child's personal development and happiness.

Inspirational Teaching

At Diamond Academy we recognise that children's minds need stimulation. We strive to develop a child's natural curiosity in the world around them making learning a fun and rewarding experience. Traditional classroom teaching is enriched with the latest technology regular visits and creative practical experiences bringing every subject to life. Children regularly take part in focus weeks for the curriculum, taking part in local and national initiatives.

At Diamond Academy we encourage your child to become an independent learner, actively involved in their own learning meaning that a sense of wonder is not lost as they grow up. At Diamond Academy all children have regular opportunities to perform in productions.

We have high expectations of all of our children and high priority is given to quality teaching of a balanced curriculum. This is based on clear principles that our children will be:

- Ambitious and hardworking
- Creative
- Able to work collaboratively and independently
- Critical thinkers and able to solve problems
- Confident and responsible users of learning technology

At Diamond Academy we have some specialist facilities such as teaching areas for art, ICT and drama. These facilities help to inspire children and give them the best chance of future success.

High priority is given to quality teaching of Literacy and Numeracy and the use of technologies across the curriculum

'I can do it' is the most important lesson that your child will learn at Diamond Academy

Building Confidence

'I can do it' is the most important lesson that your child will learn at Diamond Academy. We want to explore all possibilities and enable your child to reach their dreams. We will encourage your child to feel confident about working hard, taking risks and fulfilling their potential.

At Diamond Academy we will develop your child's interests, ability and aspirations. We are part of the Children's University and encourage all children to collect as many hours of outside learning as possible in order that they aspire to graduate from the University and become life-long learners.

About us

The next step is a visit so that you can meet our staff and children, explore our classrooms and grounds and get a better feel for whether we are the right academy for you and your family. To arrange a visit simply call 01842 752387.

Discovering Talents

A wide range of clubs will help your child to enjoy sport for fitness, fun or as part of a team. While recognising and rewarding exceptional talent, we value teamwork and enthusiasm. Art, street dance, football, samba, multi-sports, reading café, mathematics, homework and reading will offer your child the chance to express themselves working individually or with friends, they will be delighted by what they achieve.

Diamond Academy also provides a breakfast club daily from 7.15am and after school care at a local school until 6.00pm. Details available from the school website and reception.
